Laelae

Brought to you by:

Barnacle-Shield

Laelae (or la'e-la'e) is a Hawaiian word meaning bright, shining, pure, or serene, often describing the sun or a clear sky.

LIGHT AND FORGET — MAINTENANCE FREE ANTIFOULING LIGHT

Laelae in X2 Configuration

Barnacle growth happens within days when the water is warm. They quickly block your marine lights, dimming them before completely blocking all light. Scraping these barnacles off your lights can damage or destroy them.

Laelae keeps your lights barnacle free and shining bright. Whether for your boat or your yacht, Laelae is always there when you need it.

Laelae:

- 100% Passive
- No complicated circuitry
- No excess power drain
- No repeated application of coatings
- Works when vessel is stationary

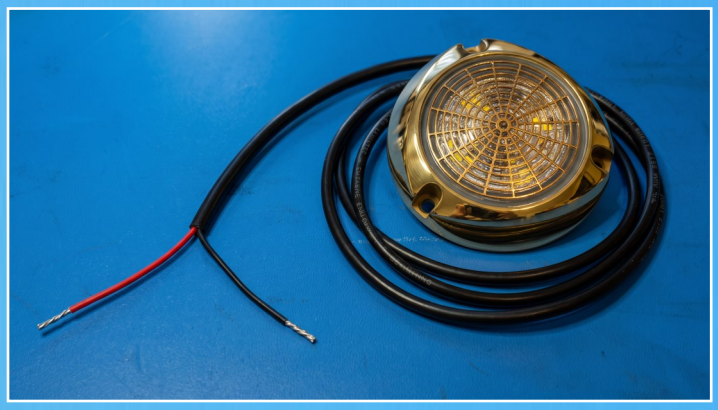
Technical Information



Because Laelae uses standard Lumitec lights, mounting and wiring are exactly the same as specified by Lumitec.

Laelae transmits 90% of the light generated by the LED's through the antifouling mesh.

Ordering Information

Lumitec Product	LED	Lumitec Image	Part Number with Laelae
Zambezi Quattro Surface Mount	Spectrum RGBW		LL-ZQ-SP
Zambezi Quattro Surface Mount	Dual Color White/ Blue		LL-ZQ-DC
Mantis Dock Lighting System	Spectrum RGBW		LL-MDS-SP
Mantis Add-On Light	Spectrum RGBW		LL-ML-SP
Kraken Dock Lighting System	Spectrum RGBW		LL-KD-SP
Kraken Dock Lighting System	Dual Color White/ Blue		LL-KD-DC
Javelin 6000X	Spectrum RGBW		LL-J6-SP

Lumitec Product	LED	Lumitec Image	Part Number with Laelae
SeaBlaze X3	Spectrum RGBW		LL-SBX3-SP
SeaBlaze X3	Dual Color White/ Blue		LL-SBX3-DC
SeaBlaze Typhoon Thru Hull	Spectrum RGBW		LL-SBTTH-SP
SeaBlaze Typhoon Thru Hull	Dual Color White/ Blue		LL-SBTTH-DC
SeaBlaze Typhoon Thru Hull Flush	Spectrum RGBW		LL-SBTTHF-SP
SeaBlaze Typhoon Thru Hull Flush	Dual Color White/ Blue		LL-SBTTHF-DC
SeaBlaze Quattro	Spectrum RGBW		LL-SBQ-SP
SeaBlaze Quattro	Dual Color White/ Blue		LL-SBQ-DC
